

EV40P evCHARGER

Rugged and reliable, high powered charging.

EV40P

Tough and reliable for public or home charging. Sun Country Highway's EV40P charger provides high quality and high power at a low price. We've removed the need for wiring, the EV40P comes with a Nema 14-50, 240V plug for quick and easy installation. The charger's tough NEMA 4 enclosure is designed to take the wear-and-tear of everyday use. Built and tested to auto-maker standards, the EV40 ensures a reliable charge, every time.

- 7.7kW of power - charge your vehicle, fast
- Easy to install - Have your electrician install a 240V plug-in
- Technology that works - for the life of your electric vehicle, and then some
- Reclosure - if your car can be charged, it will be charged, guaranteed
- 25 feet of charging cable - comes standard
- Rugged - fully sealed NEMA 4 enclosure to handle wear and tear
