

EV SERIES

Rugged and reliable, high powered charging.

EV SERIES

Tough and reliable for public or home charging. Sun Country Highway's EV Series Electric Vehicle Charging Stations provide high quality and high power at a low price. The charger's tough NEMA 4 enclosure is designed to take the wear-and-tear of everyday use in all environments, indoors or out. Built and tested to auto-maker standards, the EV Series ensures a reliable charge, every time.

- Powerful - Up to 15.4kW of charging power
- Easy to install – your electrician can install anywhere. Indoors or out!
- Technology that works - for the life of your electric vehicle, and then some
- Reclosure – if your car can be charged, it will be charged, guaranteed
- 25 feet of charging cable - comes standard
- Rugged - fully sealed NEMA 4 enclosure to handle any weather conditions
